4651	Drug Payment Units does not allow a decimal to be typed in. If a user edits 0.00 to include a decimal and presses tab, the value converts from 0.50 to 5.00.	Fixed	Services	68
4649	Can't delete encounter grids from the list in form designer.	Fixed		
4648	Custom subform date button not placed next to date field in custom form data entry view.	Fixed		
4647	Clicking "View" from custom form record list makes BT request even if no custom form record is selected.	Fixed		
4646	PDI custom template includes an extra cst_ for custom field column headers	Fixed	PDI/PDE	
4644	Form designs fail to load in form designer when they contain a custom report grid having the same select field listed twice.	Fixed		

4643	Issue with Breadcrumbs on ClientInformation	Fixed	User Interface (General)	67
4642	Diagnosis Edit Error	Fixed	Diagnosis	
4641	When the labs list is selected, clicking on the labs link again generates an error	Fixed		68
4640	Find Client/Add Client sometimes go into the back link history on index.htm	Fixed	User Interface (General)	66
4639	Multiple readonly controls added to a form design behave strangely when repositioned.	Fixed		
4638	BT error when accessing control properties for quarterly custom field in form designer	Fixed		
4637	BT error after clicking "Find Control" in form designer when form has quarterly memo, text fields.	Fixed		
4636	BT error when accessing control properties list for memo custom field control in form designer	Fixed		
4633	Adding a new form record fails due to BT error when done from a provider without the state field set for the provider address.	Fixed		
4632	Missing mappings for custom subform have a count in import details and no missing mappings listed when Edit mappings is clicked	Fixed	PDI/PDE	
4631	Adding custom report controls to a form design or editing a form design with these controls requires Run Custom Report permission.	Fixed		
4630	CW5 form designs with controls having no Size property fail to be converted to CW6 format	Fixed		
4629	Error importing contract metadata	Fixed	PDI/PDE	
4627	Error printing current page or all pages	Fixed	User Interface (General)	65
4626	Export CSV (All Pages) Error	Fixed	User Interface (General)	65
4625	Sorting filter lists by column often does not work in CW6 build 64	Fixed		65
4624	Configure Service Matching Custom Fields missing in PDI Configure Provider	Fixed	PDI/PDE	

4623	In the form designer add control list, custom tab fields appear the number of times that the custom field is mapped to a provider custom tab when editing forms from Central Administration.	Fixed		
4622	User wants to be able to enter more than two digits after the decimal for ADAP Insurance services	Still working on it	Services	
4621	Sorting and next page not working for Custom Forms list.	Fixed	Custom Fields	67
4620	Editing demographics is generating a duplicate URN error instead of the window for changing the URN suffix.	Fixed	Demographic	
4619	Ethnicity combo box control missing from CW6 form designer	Fixed		
4618	Form design controls inside a design tool box container are incorrectly positioned when converted from CW5 to CW6 format	Fixed		
4617	Race, ethnicity, and HIV risk factor fields in form designer are converted incorrectly from CW5 format	Fixed		
4616	RSR Viewer shows undefined for Category, Count, and Percent	Fixed	RSR	
4614	ICD 10 Definition File Update should be done in a task.	Still working on it	Diagnosis	
4612	Active Only option for finding clients works differently when PII encryption is changed	Fixed		
4611	Unable to import composite custom reports	Fixed	Custom Reports	64
4610	Diagnosis list is slow to load	Fixed	Diagnosis	64
4609	When adding a service to a client, the contract list appears to be limited to 10 results	Fixed	Services	64
4608	Unable to export composite reports	Fixed	Custom Reports	64
4603	Delete Completed Records After Process also deletes the import log record	Still working on it	PDI/PDE	
4602	Column Selection Next 20 button doesn't work for Services	Fixed		64
4601	subservice label allows for 176 characters in the PDI template, however the tdi_subservice_map table only allows 100 characters for the label	Fixed	PDI/PDE	

4599	Quality check message, No Poverty Level Assessment entered within the last six months is not visible if the window is adjusted to a smaller size.	Still working on it	Demographic	
4597	In form designer control properties, the read-only "Name" field shows custom field column name, not column description for custom fields	Fixed		
4595	Clicking next for service category list in referrals is not working	Fixed	Referrals	64
4593	Clicking back button after reviewing client in referrals list goes back to referrals buttons instead of filtered client list	Still working on it	Referrals	
4592	No client matching found error clicking back on client resolution screen	Still working on it	Add Client	
4591	Provider/Central Group Settings Error	Fixed		64
4586	Error editing mappings in the PDI when records are deleted or deactivated	Fixed	PDI/PDE	
4585	Custom Report Field Search box loses focus with each keystroke	Fixed	Custom Reports	64
4584	Scheduled PDE broken by changes in build 63	Fixed		
4583	Next page button and search are not working for the provider selection screen when copying custom client tab controls to another provider	Fixed	Custom Fields	64
4581	Too many pending referrals causes the main menu to take minutes to load	Fixed	Startup	63
4579	Selected Clients count in Group Rapid Entry does not match number of clients checked under Select Clients list	Fixed	Services	
4576	Add functionality to connect to SQL Server with Active Directory credentials	Still working on it	Connection Pool	
4575	Unduplicated count of clients for OAHS services exceeds the unduplicated count for all providers in the financial report	Still working on it	Reports (canned)	
4572	Unable to sort search system log results	Fixed	User Interface (General)	85
4570	Current medications and Past Medications are incorrect	Fixed	Medications	63
4568	Combo Box (jPickLists) do not disable for non-editable columns.	Fixed	User Interface (General)	63

4567	Counties in custom report filters are all listed and don't indicate the state	Fixed	Custom Reports	63
4566	Custom report multiple domains selection error	Still working on it	Custom Reports	
4563	404 error when viewing client merge report	Fixed	Client Merge	89
4562	Entering text in a memo field with multiple rows or extra spaces causes the merge client button to stop responding	Still working on it		
4561	Merging clients with attachments error	Fixed	Custom Fields	
4560	PDE causing business tier to crash	Fixed		
4559	CAREWare can be set up to allow EXE, BAT, DLL uploads	Fixed		63
4557	Custom Report Display issue with limited permissions	Fixed		63
4550	Demographics displays date of death using the case Fixed date instead of the date of death entered under vital status	Fixed	Demographic	63
4549	Permission issue for Lab Test Mapping tool	Fixed		
4548	Increasing the field size limit for a control does not increase the field size limit for custom client fields	Fixed	Custom Fields	63
4546	Apostrophe in provider name in CAREWare generates an import error if SQL PDE was used in the past.	Fixed	PDI/PDE	63
4543	Browser Cross-Site Scripting Filter Misconfiguration	Fixed		
4542	SessionID Token Stored in Local Storage	Fixed		
4541	Arbitrary File Upload	Fixed		64
4538	HL7 Socket Interface Autopurge Issue	Fixed		
4537	Sorting the date column in Central Client merge is incorrect	Still working on it	Client Merge	
4536	Checkbox controls with custom captions in CW5 form designs revert to default caption after being converted to CW6 format	Fixed		
4535	RSR question 69. Missing is showing all Asian clients rather than just the missing clients when viewing the client list.	Fixed	RSR	63
4532	Performance Measure Aggregate Report Change Providers list cannot be searched or sorted and page controls do not work	Fixed	Indicator Module	63
4531	Performance Measure Client List Change Providers list cannot be searched or sorted and page controls do not work	Fixed	Indicator Module	63
4530	Custom fields with characters can generate a duplicate value error when merging	Still working on it	Client Merge	

4529	New passwords sometimes can't be decrypted and force the user to have to get their password reset before they can logon	Fixed	Password Reset Manager	62
4528	In CW6 form designer, shrinking datepicker, combobox width makes button go down to the next line	Still working on it		
4526	Unable to edit filters in Financial Report	Fixed	Reports (canned)	63
4525	Error Message for Duplicate Code in PM	Fixed		62
4524	Import error if import file is clicked while file is loading	Fixed	PDI/PDE	
4521	ADR Viewer total Unduplicated Client Count does not display client list	Fixed	ADR	63
4520	Images in form designer are not displayed in CW6 build 61	Fixed		
4518	Find client results missing searchable custom fields	Fixed	Find client	63
4517	Business Tier fails to write to the events log file when this file is being used by another process.	Fixed		
4516	For CW5 form designs without a form date control, a custom form record for a client can't be added after converting to CW6 format.	Fixed		
4514	Assign Providers displays providers as unchecked even though that are checked when using search field	Fixed	Provider/User Manager	63
4512	User Action Report Acting User list is missing users	Fixed	Reports (canned)	
4511	Appointments Report only displays 51 results	Fixed	Reports (canned)	
4510	Appointments search field limits results to 51	Still working on it	Scheduler	
4509	Referrals cannot be added/edited if a custom combo box is activated for more than one service category	Fixed	Referrals	60
4506	HTTP headers Content-Security-Policy, X-Content-Type-Options, X-XSS-Protection are not in HTTP responses served by CAREWare HTTP Server	Fixed		
4504	Disable Change Passowrd, Security Questions, Log Off, and other items like password reset which have little to no effect when OIDC is enabled	Still working on it		

4503	Including the full name of a report filter eliminates that filter from the list	Fixed	Custom Reports	64
4502	Searching contracts limited to 51 results	Fixed	Contracts	64
4501	Service Detail Report limited to the first 50 clients	Fixed	Reports (canned)	64
4500	Annual and quarterly custom fields are not present in CW6 form designer	Fixed		
4499	HL7 Socket Interface Couchbase Data Transfer Improvement	Fixed		
4498	Female clients are counted for the ADR error Clients with Male or Unknown Gender with a Cervical Pap Smear which do not have Pap Smears.	Fixed	ADR	
4497	HL7 Socket Interface Annual Review stub issue	Fixed		
4496	HL7 Socket Interface Performance Enhancements	Fixed		
4495	Custom tab fields in form designer are restricted by tab page, causing problems for form designs owned by central, used by multiple providers.	Fixed		
4494	When synchronizing custom field values clicking next and searching does not work for the provider list	Fixed	Custom Fields	60
4493	Navigation issues with "Back" in the HL7 Interface	Fixed		
4492	Custom subform memo controls are not converted to CW6 format during form conversion DT Update	Fixed		
4489	404 error when printing lists with permissions restricted to View Client.	Still working on it		
4488	Duplicate Client requires no permissions	Fixed		
4487	Can't directly edit criteria from list of form designer rules.	Still working on it		
4485	RDR Setup has no Release Lock function.	Fixed	RDR	59
4484	Calculation for Last Poverty Level quality check message No Poverty Level Assessment entered within the last six months is incorrect	Still working on it	Annual Review	
4483	Use Totals set as Grouped By results in a count in custom reports	Still working on it	Custom Reports	
4482	Can't add screening lab for client in form designer in build 58	Fixed		

4480	Unable to enter decimal when editing service units	Still working on it	Services	
4478	Reports within the client record lock the setup documents across all clients.	Fixed	Reports (canned)	59
4474	Delete a Provider region	Fixed	Provider/User Manager	60
4473	Screening counts under Clincial Setup and under Screenings Setup do not match	Still working on it	Screening	
4471	Appointments date sorting incorrect	Fixed	Scheduler	
4465	Combo Box Not Showing Values; it is not clear why to the user	Fixed	Custom Fields	
4464	Error Adding a Race Value to a New Client	Fixed		58
