Service Rapid Entry allows users to quickly add individual services to clients, skipping the step of looking up that client record.

Rapid Entry > Service Rapid Entry								
Edit View Service List Back								
Service Rapid Entry								
0011100								
Contains last:								
Contains last:	1 Calendar Months							

Users identify clients from a list of recently entered services, and then they can jump back and forth from that list to a service data entry screen. The first step is to generate that list.

The service list is generated based on the As Of Date selected and the Contains Last value.

Calendar Months – Number of months prior to As Of Date. Calendar Years – Number of years prior to As Of Date. Records – Number of records prior to As Of Date.

Rapid Entry > Ser	vice Rapid Entry						
Save Cancel							
Service Rapid Entry							
Contains last:	1						
:	Calendar Months		Click here to select from 3 choices.				
As Of:	Calendar Months						
	Calendar Years						
	Records						

Once the selections are saved, click View Service List to see the results and add services.
